How to bid using your smartphone or tablet:

Once registered, you will receive a welcome text message with a link to the auction. Click on the link to open the auction on your device. Browse and search for items you would like to bid on. To bid, click on any item and enter your bid amount into the "Place Bid" box. Click the "Bid Now" button to place the bid.

Outbid Notifications:

When you're outbid, you'll receive a text message and an email notification with a link directly back to the item to update your bid.

Items Available for Purchase:

Some items may have a "Buy Now" price to purchase the item outright. This will bypass the bidding process and guarantee you will win the item.

End of Auction Process:
